

## **The Petersen Group ready to start construction of twin homes at The Ridge**

**The Petersen Group, an award winning, home builder and developer based in Anchorage Alaska, understands the nuances of building in cold, rural areas and has delivered quality homes for more than 30 years**

Williston, ND (August 2013) – The Ridge, a 160 acre development in Williston that is being delivered to the community by the highly respected development team consisting of affiliates of [Kohlberg Kravis Roberts & Co.](#) and [CP Realty](#), is pleased to announce that The Petersen Group will soon begin construction on the first six of a possible 48 twin homes that will be built at The Ridge. The Petersen Group is an award winning, home builder and developer based in Anchorage, Alaska, providing superior expertise and experience when it comes to building quality homes in cold, rural areas.

“Our company has been delivering quality homes to consumers since 1983, and it’s a pleasure to join the team at The Ridge and begin construction of the development’s first twin homes,” said Trevor Edmondson, Vice President and General Manager of The Petersen Group. “The Ridge continues to differentiate itself as a choice location for people to have a home and establish a lifestyle for themselves and their family. As Williston continues to grow, we’re looking forward to helping address residential needs based on the work we’re doing at The Ridge.”

The twin homes at The Ridge are scheduled for completion in March 2014, and will include two floor plans and three elevation options. Design and construction will both be high priorities, with the team striving to create a neighborhood that is highly appealing. Each home will be unique, with a combination of siding textures and colors, while fitting into the landscape and overall design of the neighborhood. Pricing for the twin homes will start at \$285,000, with the floor plans to include:

- 3 bedroom/2.5 bathroom/2 car garage with approximately 1700 square feet.
- 4 bedroom/2.5 bathroom/2 car garage with approximately 1900 square feet.

For 30 years The Petersen Group has been building homes in Alaska. Founded in 1983 by Bob Petersen, the company immediately became one of the most sought-after custom home builders in the Anchorage area. While the company has continued to grow and evolve through the years, the hallmarks of every home, including excellent quality, thoughtful design, and lasting value, have remained the same. Throughout the years The

Petersen Group has received numerous honors and awards for excellence including four “People’s Choice Awards” for Best Overall Homes; “Builder of the Year” by the Anchorage Home Builders Association; “Alaska Builder of the Year” by the Alaska State Home Builders Association; and over 25 “Golden Hammer Awards” for design and construction excellence. Attention to detail and customer satisfaction is modeled by their company motto and culture: Living Better by Design

The Ridge is Williston’s first fully master planned community. The 160 acre neighborhood will have over 1,500 new apartments, town homes, duplexes and single family homes, reflecting the same Prairie Style evident across the Midwest. The plan for the Ridge includes bungalows, farmhouse and craftsman homes on tree-lined streets and 18 acres of open space, trails and parks. It will be a pedestrian friendly place with no commercial traffic, close to existing schools, stores and restaurants.
